

Gavin Benjamin Orme
1929 Bluff Road, 29201
803-507-9324 | Gorme@email.sc.edu

SKILLS

- Programming Languages: Java, JavaScript, C++, CSS, HTML, SQL, R, WordPress, Tableau, and Python
- Tools & Frameworks: Scrum, git, node.js, and mongoDB
- Additional Skills: Excel, computer hardware disassembly, asset management, network troubleshooting, network switch configuration, and patch panel management

EDUCATION

COLLEGE OF ENGINEERING AND COMPUTING, University of South Carolina - Columbia, SC

Bachelor of Computer Information Systems, May 2026

- **Major:** Computer Information Systems
- **Minor:** Business Information Management
- **Concentration:** Artificial Intelligence
- **GPA:** 3.94

EXPERIENCE

South Carolina Election Commission - Columbia, SC

IT intern, January 2025 – Present

- Gained hands-on experience in troubleshooting hardware and network issues, managing IT assets, and using Excel for inventory tracking.
- Worked with network infrastructure by configuring switches, managing patch panels, making ethernet cables and disassembling computer hardware for maintenance and upgrades.

UofSC DOIT Enterprise Data Networks - Columbia, SC

Student Worker, January 2024 – January 2025

- Managed administration, planning, and maintenance of enterprise network infrastructure, including telephone and wiring systems.
- Tested and optimized campus-wide networks for performance, collaborated with IT staff, and handled hardware logistics in data centers.

UofSC University Libraries - Columbia, SC

Digital Humanities Student Web Developer, October 2024 – Present

- Designed and maintained dynamic, responsive websites for professors using WordPress, CSS, and JavaScript.
- Collaborated with professors to gather requirements, set project goals, and deliver customized, user-friendly web designs.
- [Demo Website Link](#)

AWARDS/CERTIFICATIONS

- Amazon Web Services Certified Cloud Practitioner
- President's List 2022-Present

SOFTWARE AND WEB DEVELOPMENT PROJECTS

- [Personal Website](#)
 - Created a portfolio website showcasing the assignments and projects I made using JavaScript, CSS, HTML, node.js, and mongoDB.
 - My development skills enhanced as I made more complex websites about my favorite movies, sports, and more throughout my web applications course.
- [GitHub Repository: Design Patterns](#)
 - This is one of my GitHub repositories that showcase my skills with Java in various programs utilizing different design patterns.
- [Software Development Management Tool – Task Share](#)
 - Led my team of four other members to create a software development management tool to help organize projects, tasks, and the addition/removal of team members
 - Assigned tasks and roles to team members based on their individual strengths as my role of project manager
